

## **Amtico Multi Performance System**

To retain your floor's stunning aesthetics, all floors feature our world leading Multi-Performance System.

Our designers use a layered construction, and taken individually, each of these layers can be considered the most advanced of their kind. Together, they give our flooring completely realistic looks and unrivalled durability; all backed by our 20 year Residential Product Guarantee.

### **Urethane Treatment**

A surface that protects against everyday wear and tear to ensure the floor retains its great aesthetics for years to come. Added slip, scuff and stain resistance and lower maintenance.

### **Performance Wear Layer 1**

Ceramic impregnated for improved slip resistance and durability.

### **Performance Wear Layer 2**

The floor has a high-density layer. Engineered to withstand potential indentations and protects against everyday wear and tear.

### **Aesthetic Layer**

Our in-house design team create a perfect replication of natural wood, stone and slate as well as abstract effects.

### **Backing Layers**

The final supporting layers provide a foundation for the aesthetic layers, to guarantee high-performance for years to come. Created using 100% recyclable materials.

### **Amtico Guarantee**

You can be assured of our commitment to quality and durability, with our 20 year Residential Guarantee. Completely transferable, a key advantage if you sell your house. The new owner can simply advise us and we will update our database.

## **Custom Design**

How about something different!

## **The Amtico Design Process**

If you are searching for something very specific, not in our collection - why not create your own look? Using our bespoke CAD service we can create anything you like from curves and flowers to more unique shapes and motifs.

Call in and see all the samples in our showroom, as there is a huge selection to choose from and a range of prices. All our trained staff will be at hand to help you select your floor.

We offer free advice and quotation on all floors and floor preparation and screed work so just give us a call on 01900 812178 and arrange a time for us to call and measure up.
