

# Karndean Designflooring

## ***Designing your floor...***

Step 1 choosing a main colour

Tiles choose from a range of colour tones to complement your rooms decorative palette; from naturals and browns to warm blues and greens, or even a tile effect such as marble, slate, terracotta, ceramic or mosaic

Wood plank choose a colour tones to complement your room or a specific type of wood such as beech, oak, walnut or pine

Step 2 You have the option of adding a decorative strip...

Step 3 would like to add a border or decorative edging to your room...

Step 4 would you like to add a feature?
